## THE LLOYD'S REGISTER EDUCATIONAL TRUST CONTINUES TO SUPPORT IMLI'S WORK

The Lloyd's Register Educational Trust (The LRET) continues to support IMLI and its work. Indeed, in its recent meeting the Board agreed to provide funding in the form of scholarships for the training at the Institute of three deserving government nominated candidates for the next three academic years. To date The LRET has generously contributed to the funding of seventeen candidates from developing countries who have enrolled in IMLI's LL.M. programme. This academic year Ms. Chen Xiyan (China), Mr. Gu Yiming (China) and Mr. Sahdev Singh (India) have been awarded LRET scholarships.

The LRET was established in 2004 by the Lloyd's Register Group as a separate charity to fund advances in transportation, science, engineering and technology education, training and research worldwide for the benefit of all. It funds activities in four categories, namely pre-university education, university education, vocational training and professional development and research.

Mr. Franklin, Director of The LRET, said: "Our on-going support for selected students at IMLI is a very important activity for us and underlines our strong commitment to help the maritime industry worldwide to receive justice and good governance."
