IMLI had the honour of welcoming again *in-situ* Judge Tomas Heidar (President of the International Tribunal for the Law of the Sea) on 8 April 2024.

President Heidar was warmly welcomed by Professor Dr. Norman A. Martínez Gutiérrez (Director, IMLI), the IMLI Faculty and Class of 2023-2024.

Following an introduction by the IMLI Director, President Heidar delivered a set of presentations, the first of which was entitled “*Dispute Settlement under UNCLOS and the Role of ITLOS*” and the second “*The Contribution of ITLOS to the Progressive Development of International Law*” to the IMLI Class of 2023-2024 and the external course participants of the specialized course.

The IMLI Course on Peaceful Settlement of Maritime Disputes and Delimitation of Maritime Boundaries is intended to provide a comprehensive introduction to, and an analysis of, different international maritime dispute settlement mechanisms as well as the boundary-making process and the alternatives available to States, including any provisional arrangements.

The Course thus explores the major methods of settlement of maritime disputes under UNCLOS and the latter's provisions on delimitation of maritime boundaries.
