MARITIME PLATFORM CONFERENCE

Innovation in Marine & Maritime Sustainable Developments: Research and Applications

📅 7-9 May 2025 📍 Valletta Campus

The University of Malta Maritime Platform, composed of academics, researchers and experts in marine and maritime subjects, is organising the UMP international conference on **Innovation in Marine & Maritime Sustainable Developments: Research and Applications** to be held from 7 to 9 May 2025. IMLI is co-sponsoring this event.

This cross-cutting multidisciplinary international conference shall involve a wide range of stakeholders in marine and maritime innovation, research and development toward achieving responsible sustainability.

This important conference will provide best exposure and exchange of experiences and discoveries to come out with useful recommendations for improving best practice and awareness for sustainable growth. For this reason conference outputs, such as publications that may be shared and useful for local to regional developments, are being supported by the Environment Resources Authority (ERA) and Malta Enterprise.

For further information on registration and the Conference please visit the **conference website**.
